

Erosion Control Solutions

Designed to help prevent soil loss on hillsides, shorelines, embankments, and construction sites, Enviro-USA offers a comprehensive range of erosion control products engineered to protect and stabilize vulnerable areas. Our solutions are manufactured using both synthetic and natural fibers to minimize erosion, reinforce soil structure, and support healthy vegetation establishment.

Benefits of Erosion Control:

- Filters Stormwater Runoff and Helps Prevent Soil Erosion.
- Stabilizes Soil on Slopes, Shorelines, and Disturbed Construction Sites.
- Promotes Vegetation Growth and Long-term Land Restoration.
- Reduces Sediment Migration Into Waterways, Drainage Systems, and Surrounding Properties.
- Helps Maintain Site Compliance with Environmental and Stormwater Management Requirements.
- Protects Infrastructure and Landscaped Areas From Costly Erosion-Related Damage.

Other Enviro-USA erosion control solutions:

- Erosion Blankets and Mats
- Gutter Logs
- Wattles
- Gravel and Sand Bags
- Compost Filter Socks

STAKED SILT FENCE

Control silt and stormwater runoff on your job site with the affordable and efficient Triton Staked Silt Barrier. When properly installed, the impermeable PVC material stops the spread of sediment and redirects water flow. It also meets DOT requirements for sediment and erosion control in water depths less than 30 inches.

Fabric Material	13, 18 or 22 oz. PVC
Length:	100 ft. Rolls
Height:	44.5 in.
Section Connectors:	Staples or Nylon Ties (not included)
Color:	Yellow
Load Carrying Components:	Stakes (not included)

COIR LOGS

Coconut Coir Logs are a completely biodegradable erosion control option for hills, banks, shorelines, and other erosion-prone areas.

Easy to install, these logs create a natural control area that helps establish growth and control erosion for restoration projects, stabilization areas, and construction job sites.

Diameter	Density	Weight	Length	• Biodegrades Over 2-5 yrs • Safe for Surrounding Wildlife • High Air and Water Permeability • Environmentally Friendly • Easy to Install
9 in.	7 lbs. / ft	3 lbs. / ft.	10 or 16 ft.	
12 in.	7 or 9 lbs. / ft	5.5 lbs. / ft.	10 or 20 ft.	
16 in.	7 or 9 lbs. / ft	9.5 lbs. / ft.	10 or 20 ft.	
20 in.	7 or 9 lbs. / ft	15 lbs. / ft.	10 or 20 ft.
